

Hello and Welcome to Music at Rhema!

At Rhema Christian School, music classes give us the opportunity to make a joyful noise unto the Lord (Psalm 98:4). Studying the fundamentals of music making, music history, and music from places all around the world increases students' appreciation of God's creation and the breadth of gifts he has given to us, his children, here on earth. Students are regularly engaged in hands-on activities, from using percussion instruments of their choice during rhythmic exercises, to composing their own music in the style of Mozart. While we use our hands, voices, and instruments to make music to share with others, our primary goal is to make music to bring honor and glory to God. From saying a prayer during class to integrating Christian music into the curriculum, we keep God at the center of our lessons. We are so very excited to praise God with you in sound and song here at Rhema!

**Every Student Should Have:**
